## **BOOK SYNOPSIS**

After handling thousands of civil and criminal cases, former prosecutor Geoff Henley takes on the worlds biggest culprit: God. In Beyond Reasonable Doubt, the attorney applies accepted legal precepts to scripture with devastating results for religion. Much like science has confounded religions depiction of the natural world, Henley shows how well-settled common law principles undermine religions claims that a just God exists. Whether you are a skeptic or a believer, a layman or a lawyer, you will not want to miss this pointed analysis of myths, the Bible, the Koran and Anglo-American law.
