## **BOOK SYNOPSIS**

In Cannabis Pharmacy, expert Michael Backes offers evidence-based information on using cannabis to treat an array of ailments and conditions. He provides information on how cannabis works with the body's own system, how best to prepare and administer it, and how to modify and control dosage. This newly revised edition is now completely up-to-date with the latest information on the body's endocannabinoid system, which is now understood to control emotion, appetite, and memory, delivery and dosing of cannabis, including e-cigarette designs, additional varieties, and a new system for classification, as well as 21 additional ailments and conditions that can be treated with medical marijuana. There are currently more than 4.2 million medical cannabis patients in the United States, and there are 23 states plus the District of Columbia where medical cannabis is legal.
